[Our team will do everything possible to make your wedding a great success](#)

We very much hope that you will want to get married at St Mary's

If you decide to marry at St Mary's, we would hope that one of you, or one of your parents, will make a link with us by coming to see us a few times on a Sunday between now and your wedding. Members of the Calstone community come to church once a month or so and wedding couples have found that such a pattern in the run up to the wedding has suited their family too. When you make contact with Lorraine, our Administrator, to make a booking, she will arrange to send you the times of the Sunday services.

The link can be made, so we can read your Banns, by attending just one service each month for six months

We are delighted to offer you the opportunity to marry in our beautiful church

Yvonne Griffiths and Peter Robinson, Churchwardens.
